V01	15/11/2021	Pablo Mantas	Form Release 01

Table of content

LFR-FORM-BUG-0001

Bug Id	# LFR-FORM-BUG-0001
Name	Wrong language in some Portuguese texts
Reporter	Pablo Mantas
Submit Date	15/11/2021
Summary	Some texts remain in English when switching to the PT region
URL	https://forms.liferay.com/web/forms/shared/-/form/122548
Screenshot	EVIDENCE-BUG-0001
Operating System	Windows 10
Browser	Chrome 95.0.46
Severity	Major
Assigned to	Pending
Priority	High

Steps to reproduce

1. As a standard User
2. Open Chrome browser
3. Go to form URL
4. Click on region Action button
5. Select Brasil region
6. Observe results

Expected result

All the text that instructs the user should be in Portuguese

Actual result

Some texts appear in a language other than that of the region.

Notes

LFR-FORM-BUG-0002

Bug Id	# LFR-FORM-BUG-0002
Name	Wrong data in warning message for US form
Reporter	Pablo Mantas
Submit Date	15/11/2021
Summary	An unknown numbering appears after the error message and is not related to the message to the user.
URL	https://forms.liferay.com/web/forms/shared/-/form/122548
Screenshot	EVIDENCE-BUG-0002
Operating System	Windows 10
Browser	Chrome 95.0.46
Severity	Major
Assigned to	Pending
Priority	High

Steps to reproduce
1. As a standard User
2. Open Chrome browser
3. Go to form URL
4. Submit the form with required fields empty
5. Observe results

Expected result
Show the error message in the form submission followed by the first field that has been left empty "This form is invalid. Check field ___"
All required fields must be marked in red
Display the warning text "This field is required." just below each mandatory one.

Actual result
Some texts appear in a language other than that of the region. Observe the screenshot

Notes

LFR-FORM-BUG-0003

Bug Id	# LFR-FORM-BUG-0003
Name	Missed warning red color for Birth Date field for US form
Reporter	Pablo Mantas
Submit Date	15/11/2021
Summary	When the date of birth field is left unfilled, it does not warn the user until the submit button has been pressed. Look at the screenshot
URL	https://forms.liferay.com/web/forms/shared/-/form/122548
Screenshot	EVIDENCE-BUG-0003
Operating System	Windows 10
Browser	Chrome 95.0.46
Severity	Low
Assigned to	Pending
Priority	Low

Steps to reproduce

1. As a standard User
2. Open Chrome browser
3. Go to form URL
4. Select Birth date and leave it empty
5. Select other input field
6. Observe results

Expected result

If we leave Birth Date field and select another field, the Birth Date field is marked in red and the warning text "This field is required." also appears in red below

Actual result

When the date of birth field is left unfilled, it does not warn the user until the submit button has been pressed. Look at the screenshot

Notes

LFR-FORM-BUG-0004

Bug Id	# LFR-FORM-BUG-0004
Name	Special chars in input field could be unsafe for US form
Reporter	Pablo Mantas
Submit Date	15/11/2021
Summary	Special characters should not be allowed on forms, in the absence of security tests, unless strictly necessary.
URL	https://forms.liferay.com/web/forms/shared/-/form/122548
Screenshot	EVIDENCE-BUG-0004
Operating System	Windows 10
Browser	Chrome 95.0.46
Severity	Minor
Assigned to	Pending
Priority	Normal

Steps to reproduce

1. As a standard User
2. Open Chrome browser
3. Go to form URL
4. Fill the name field with special chars
       like !="@
5. Fill all the requested fields
6. Submit the form
7. Observe results

Expected result

Inform the user that there are characters not allowed in the Name field

Actual result

Special characters should not be allowed on forms, in the absence of security tests, unless strictly necessary.

Notes

LFR-FORM-BUG-0005

Bug Id	# LFR-FORM-BUG-0005
Name	Wrong validation of birth date field for US form
Reporter	Pablo Mantas
Submit Date	15/11/2021
Summary	Being a date of birth, the form should validate that at least it is not a date in the future.
URL	https://forms.liferay.com/web/forms/shared/-/form/122548
Screenshot	EVIDENCE-BUG-0005
Operating System	Windows 10
Browser	Chrome 95.0.46
Severity	Major
Assigned to	Pending
Priority	High

Steps to reproduce
1. As a standard User
2. Open Chrome browser
3. Go to form URL
4. Select Birth date field and set a future date
5. Fill all requested fields
6. Submit the form
7. Observe results

Expected result
Inform the user that the birth date cannot be in the future

Actual result
Being a date of birth, the form should validate that at least it is not a date in the future.

Notes

LFR-FORM-BUG-0006

Bug Id	# LFR-FORM-BUG-0006
Name	Wrong data validation in PT form
Reporter	Pablo Mantas
Submit Date	15/11/2021
Summary	The form for the Portuguese region does not allow the sending of the data unless in any case since an error is detected in the field of the date of birth.
URL	https://forms.liferay.com/web/forms/shared/-/form/122548
Screenshot	EVIDENCE-BUG-0006
Operating System	Windows 10
Browser	Chrome 95.0.46
Severity	Critical
Assigned to	Pending
Priority	Very High

Steps to reproduce

1. As a standard User
2. Open Chrome browser
3. Go to form URL
4. Click on region Action button
5. Select Brasil region
6. Fill all requested fields with valid data
7. Submit the form
8. Observe results

Expected result

The successfully submitted form screen is displayed

Actual result

The form for the Portuguese region does not allow the sending of the data unless in any case since an error is detected in the field of the date of birth.

LFR-FORM-BUG-0007

Bug Id	# LFR-FORM-BUG-0007
Name	Wrong data in warning message for PT form
Reporter	Pablo Mantas
Submit Date	15/11/2021
Summary	Following the warning text is a numeric identifier that it should not. It could confuse the user. Observe the screenshot
URL	https://forms.liferay.com/web/forms/shared/-/form/122548
Screenshot	EVIDENCE-BUG-0007
Operating System	Windows 10
Browser	Chrome 95.0.46
Severity	Major
Assigned to	Pending
Priority	High

Steps to reproduce
1. As a standard User
2. Open Chrome browser
3. Go to form URL
4. Click on region Action button
5. Select Brasil region
6. Submit the form with required fields empty
7. Observe results

Expected result
Show the error message in the form submission followed by the first field that has been left empty "This form is invalid. Check field ___"
All required fields must be marked in red
Display the warning text "This field is required." just below each mandatory one.

Actual result
Following the warning text is a numeric identifier that it should not. It could confuse the user. Observe the screenshot
